Time to get excited about golf by learning the basics through a fun and social series of sessions. We'll utilize the putting/chipping green, driving range and maybe even the course to introduce your kids to the game. If you have some background in golf, this camp will be great to brush up on your fundamentals and develop them further. It will also give you an opportunity to connect with other golfers in your community.

The three session camp will build learning blocks to help develop skills in a low-pressure, but effective setting. No need for equipment or experience, just a great attitude!
